

Dupa Kimya, tekstil, elyaf, iplik, teknik tekstil ve tekstil boyaları gibi çeşitli uygulamalara çözüm üretmek için özel kimyasallar ve boyalar tedarik etmektedir. Dupa Kimya olarak misyonumuz sentetik elyaf ve iplikler, tekstil boyaları ve tekstil kimyasalları sektöründeki üretim süreçlerinde sürdürülebilir bir dünyanın parçası olarak müşteri memnuniyetini esas alan, yenilikçi, çözüm odaklı ürün ve hizmetler sunmaktır. Elyaf, tekstil boyaları ve kimyasalları sektöründe her zaman yenilikçi, özgün ve katma değeri yüksek ürünler sunan, sürdürülebilirliği esas alan, ihracat odaklı hedef pazarlarımızda marka değeri olan bir şirket olmak.

Dürüstlük, insana ve çevreye saygıya dayalı kurumsal değerlerimizi paylaşan tedarikçilerle iş yapmaya kararlıyız. Bu amaçla çıktığımız yolda uzmanlıklarını ve teknik servis hizmetini en iyi şekilde sunmak adına partner olduğumuz **markalarının** tüm sentetik elyaf ürünlerini sizlere sunmaktayız.

Dupa Kimya supplies special chemicals and dyes to produce solutions in various applications such as textiles, fibers, yarns, technical textiles and textile dyes. As Dupa Kimya, our mission is to provide innovative, solution-oriented products and services based on customer satisfaction as part of a sustainable world in the production processes in the synthetic fibers and yarns, textile dyes and textile chemicals sector. To be a company that always offers innovative, original and high value-added products in the fiber, textile dyes and chemicals sector, based on sustainability, and has brand value in our export-oriented target markets.

*We are committed to do business with suppliers who share our corporate values based on integrity and respect for people. For this purpose, we present you all the synthetic fiber products of the **biggest** brand, with which we are a partner, in order to offer their expertise and technical services in the best way.*
